MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: USAG Red Cloud Environmental Policy

1. References:

- a. Executive Order 13423, Strengthening Federal Environment, Energy and Transportation Management, 26 January 2007.
 - b. International Organization for Standard ISO 14001, Environmental Management System, 15 November 2004.
 - c. Memorandum from the Assistant Chief of Staff for Installation Management, Depart of the Army, Subject: New Installation Management Requirements, 06 Aug 2001.
2. USAG Red Cloud's mission is to support readiness and mission execution, provide equitable services and facilities, optimize resources, sustain the environment, and enhance the well-being of the Military Community. USAG Red Cloud performs this mission in concert with our stewardship responsibilities to protect and conserve the environment as defined by the Environmental Management System (EMS). In accomplishing our mission, we commit to:
- a. Comply with environmental laws, regulations, and policies.
 - b. Identify potential sources of pollution, and meet or exceed army goals for pollution prevention.
 - c. Pursue continual improvement of environmental management through coordinated planning, operation, checking, and reviewing efforts.
 - d. Conserve natural and cultural resources.
 - e. Integrate Environmental Management System (EMS).
3. This policy will be disseminated to soldiers, civilian employees and contractors working on USAG Red Cloud. I fully support the Environmental Management System and encourage compliance by all organizations.
